

Request for Council Action

Originator Engineering	Item Adopt a Resolution Granting Easement to CenterPoint Energy
Agenda Section Consent	Date 4/20/2015

Description

The CenterPoint Energy Beltline Project involves the construction of an underground gas line from 98th Street and Penn Avenue, then continues along 98th Street, Logan Avenue, W 100th Street, Lyndale Avenue, Mission Road, Wentworth Avenue and Spring Valley Circle continuing under the Minnesota River to Black Dog Road. CenterPoint Energy has requested an easement from the City for the crossing of the railroad and West Old Shakopee Road at Logan Avenue. The attached map shows the route of the new gas line at the intersection and the easement area.

The easement area is in the very south end of the Civic Plaza property in the grassy area south of the Civic Plaza sign. The area will be restored to its original condition after the gas line is installed.

Legal has approved the easement document. The easement will be granted at no cost to CenterPoint Energy.

Prepared by: Steve Jorschumb (Engineering)
Presented by (if needed): Shelly Pederson (Engineering)

Requested Action

Staff recommends adoption of the resolution granting easement to CenterPoint Energy.
